Hi Chris,
At the request of MPCA, I've placed this meeting in your calendar. *It's an 8am conference call meeting.* They've proposed other dates and times. Let me know if this time will work.

Good morning Liz. New dates MPCA staff are able to discuss Eutrophication Standards with Chris, Linda and Kevin:

December 2: 11 am – noon
December 13: 8-9 am or 10:30-11:30 am
December 16: 8-9 am

Please let me know if one of these times work. Thank you

Sincerely,
Karron Holmes

Good Morning Liz,

Assistant Commissioner, Rebecca Flood, would like to set up a meeting with Chris, Linda and Kevin as soon as possible regarding Eutrophication Std. The following are dates MPCA staff are available:

Wednesday, November 23rd, 10-11:30pm

Thursday, December 1st, 3-4:30pm

Please let me know if either of these dates and times work for EPA staff.

Thank you,

Katie Quirk | Executive Assistant

Normally, I would say OK, however, Karron's out until after Thanksgiving due to a death in her family. So, I have asked Katie Quirk to make the arrangements. How much time do you think we will need? An hour? And as soon as possible I presume?

Rebecca -
See below. Should I work with Karron to set it up? I'm thinking you, Shannon, me and maybe Wendy and then from EPA Chris, Linda, and Kevin. Anyone else?

Catherine-

Thanks so much for the email.

We have a briefing with Chris on Thursday afternoon regarding these issues. As such, I think it would be best for a conversation with Rebecca and Chris to be held after then.

We look forward to working with you further on these issues.

Candice

Subject: Discussions on Eutrophication Std

Hi Candice -

We've had more internal discussions about the river eutrophication standards and would like to have a conversation with Region 5 at a high level (Chris Korleski) to present our concerns with EPA's recent changes in approach. With that in mind, I'd like to ask that we hold off on the series of meetings that you have scheduled.

We (probably our Commissioner's office) will be in touch with Chris Korleski's office to get a meeting scheduled between him and Rebecca Flood, so Rebecca can present our concerns. I anticipate others would be involved from both Agencies, but I don't have a full list in my head as of yet. Our goal would be to get this scheduled quickly. Since the series of meetings was to work through some specific issues on Delano, we would ask that you continue to hold off on comments on the Delano permit until the meeting between Chris and Rebecca has been held.

Again, we appreciate your willingness to discuss these issues with us.

-Catherine
